# JOTUNHEIMEN — THE HOME OF THE GIANTS

BECOME AN EVENT PARTNER OR SPONSOR

Novinarski dom, Zagreb - February 4, 2010

An specialist on sustainable development, Robert Kakarigi, best known for his articles and photographs published in Croatian and international issues of the National Geographic magazine is to give series of public lectures at Novinarski Dom (Journalist House) and Europski dom (Europe House) in Zagreb at the beginning of 2010. At the first event the author will be discussing his most recent travel article Jotunheimen – Home of the Mountain Giants. The idea is to show all of the remaining photographs taken on this journey and explain the process how an article for the National Geographic Adventure is being made. The author has some amazing stories to tell from the top of *Galdhøpiggen*, the highest mountain in Norway, and entire Northern Europe. Throughout the presentation the audience will be also introduced to the wonderful worlds of Norwegian dramatist Henrik Ibsen and his famous Peer Gynt, and incidental music composed by Edvard Grieg.

# COP 15 - UN COPENHAGEN CONFERENCE - THE AFTERMATH

## BECOME AN EVENT PARTNER OR SPONSOR

An specialist on sustainable development, Robert Kakarigi, best known for his articles and photographs published in Croatian and international issues of the National Geographic magazine is to give series of public lectures at Novinarski Dom (Journalist House) and Europski dom (Europe House) in Zagreb at the beginning of 2010. At the second event the author will focus on the results of COP 15 – the UN Climate Conference in Copenhagen. In his presentation, he will also show the photographs of the Green Lighthouse, Denmark's first public CO<sub>2</sub>-neutral building. The building is serving as a showcase for sustainable building at the UN Climate Conference. Green Lighthouse, was designed by the Danish Christensen & Co arkitekter in association of Danish Ministry of Science, Technology and Innovation, the University of Copenhagen, the City of Copenhagen and the window producers VELUX and VELFAC. Robert Kakarigi has an international master degree in Sustainable Development and Ecotechnology and he has lectured Ecotechnology at the Mid Sweden University in Östersund, Sweden.
